

SUMMER UPDATE

2016

We're excited to share that Brother's Keeper has moved into a new interim home at Covenant Presbyterian Church on Sunset Drive. This transition also means saying goodbye—and offering our deepest thanks—to Boones Creek Christian Church for faithfully hosting us over the past 10 years. From the very beginning, they welcomed us wholeheartedly and believed in the vision of Brother's Keeper - when it was just an idea and a dream! Their generosity and partnership helped lay the foundation for everything we are today. After we settle into our new space, we're encouraged by the opportunity to welcome additional participants and hope to add 3 new participants over the next six months.

“Reflecting on the last ten years, I am humbled and overflowing with gratitude. This relocation is more than a change of address, it is a significant milestone that highlights years of belief in Brother's Keeper's potential, collaborative efforts, faith in God's provision, and the opportunities ahead as we keep growing.”

STRIKE SQUAD

BK Matters

Families know that BK can have a life-changing impact on their loved ones. Currently, there are five individuals on our waiting list looking forward to when we have the space to add more participants. Since reaching capacity in October 2023, BK has received many inquiries from families interested in our program. We've conducted 27 tours and continue to hear from those seeking meaningful, supportive opportunities for their family members. Brother's Keeper provides life-giving opportunities for young adults with disabilities to build friendships, grow in confidence, serve others, and find purpose—impacting both participants and their families.

Shane and Paula M., parents

For our daughter, Brother's Keeper has transformed each day into something to look forward to. The program's caring staff, enriching activities, physical exercise, and faith-based foundation have brought joy, structure, and hope to our family and opened the door to a brighter future.

Karen W., parent

Brother's Keeper has helped my son become more active, engaged, and excited about learning and life. From skill-building and creative expression to service opportunities and spiritual encouragement, the program surrounds him with friendship, structure, and compassionate support.

10th Annual Bowling Event

Thanks to the generosity of supporters like you, especially those who have joined us year after year, our 10th Annual Bowling event was a huge success and a fun celebration of a decade of our mission. With every lane filled during both the early and late sessions, the evening was full of laughter, friendly competition, strikes—and even a few gutter balls. Guests enjoyed a sweet video reflecting on our organization’s first ten years (see QR code below) and together, helped raise an incredible **\$99,000** to advance BK’s mission. To all our donors, your ongoing support made this milestone possible, and we are sincerely grateful.

Ways to Stay Involved

On July 1, 2016, Brother’s Keeper welcomed its first six participants—making our growth over the past decade truly humbling. Today, Brother’s Keeper is a vibrant community serving 19 participants, fostering lifelong learning, building faith and character, and promoting health and wellness—all with the goal of helping each individual experience the joy and fulfillment they deserve.

As we close our 10th year, I am deeply grateful for you, our supporters, for making this possible. Your generosity has provided essential tools, equipment, technology, art and garden supplies, and even two vans to safely transport our participants. You have faithfully supported our mission, stepped in during times of need, and helped sustain our operations.

Mid-year often sees a decline in giving, even as our program continues throughout the summer months. As we settle into our new location, your continued support will help cover the costs we have incurred to furnish our space with the necessary technology, furniture, and resources to carry out our daily work.

You can give by returning the enclosed reply card or visiting www.BrothersKeeperTN.org/Donate. If you’ve recently made a gift, please consider sharing this opportunity with a friend. We are truly grateful—your generosity provides hope and support all year long.

New Staff Highlight

My name is Callee Stone, and I’m so excited to be part of the BK family! I graduated from Milligan University in 2024 with a degree in Student Ministry. During college, I interned with Brother’s Keeper and quickly fell in love with the program and the amazing participants it serves. The way this community loves, supports, and empowers individuals with disabilities has deeply impacted my life.
